## Research Overview

Building on a decade and a half of experience in clinical and public health informatics, my research focuses especially on responsible, human-centered artificial intelligence (AI) and the development of systematic, scalable, data-driven approaches to improve human health and well-being. My work usually examines and applies methods such as machine learning, natural language processing, and spatio-temporal analysis in addition to traditional biostatistics and epidemiology. I am particularly interested in using and interrogating multimodal data sources and the vast toolbox that computational learning offers to better understand, improve, and facilitate the study of health in populations and communities. Generally, my research can be grouped into four primary domains: (i) ethical considerations in AI, clinical practice, and digital health; (ii) improving health data capture and curation of new knowledge bases; (iii) elucidating heterogeneity in health outcomes and developing tools to facilitate further discovery; and (iv) enabling learning health systems, precision medicine, and precision public health.

## Education

- Columbia University in the City of New York, New York, NY  
*Doctor of Philosophy* in Biomedical Informatics, conferred February 2025  
*Dissertation:* Leveraging Computational Methods to Advance Health Equity Science Through Evidence Synthesis, Strategic Monitoring, and Precision Public Health  
*Master of Philosophy* in Biomedical Informatics, 2023  
*Master of Arts* in Biomedical Informatics, 2021 (GPA: 4.0)  
Dissertation Committee: Noémie Elhadad (doctoral advisor), Suzanne Bakken, Karthik Natarajan, Jason Zucker, Li Zhou (Harvard Medical School)  
Coursework included: Machine Learning for Healthcare, Symbolic AI in Healthcare, Data Science, Natural Language Processing, Computer Applications in Health Care, Intelligent Decision Systems
- Beijing Language and Culture University, Beijing, China  
*Visiting Student*, Intensive Mandarin, 2019
- Johns Hopkins Bloomberg School of Public Health, Baltimore, MD  
*Master of Applied Science* in Spatial Analysis for Public Health, 2019  
Coursework included: Biostatistics, Spatial Statistics, Epidemiology, Spatial Data Technologies
- Harvard T.H. Chan School of Public Health, Boston, MA  
*Special Student*, International and Population Health, 2009-2011  
Coursework included: Immunology, Tuberculosis, Reproductive Health Issues, Survey Research Methods, Planning and Evaluation of Health Programs, Financing Health Care in Developing Countries
- Yale University, New Haven, CT  
*Bachelor of Arts* in Sociology and History, 2005  
Coursework included: Elements of Computing, Current Issues in Biological Sciences, General Chemistry, Social Policy Analysis, Portuguese for Spanish Speakers, Elementary Yoruba

## Postgraduate Training

04/2025-present	Postdoctoral Research Scientist	Medicine Infectious Diseases	Columbia University Irving Medical Center, New York, NY
09/2022-08/2024	National Library of Medicine/ National Institute of Allergy and Infectious Diseases T15 Predoctoral Research Training Fellow	Biomedical Informatics	Columbia University Irving Medical Center, New York, NY
09/2019-08/2022	National Library of Medicine T15 Predoctoral Research Training Fellow	Biomedical Informatics	Columbia University Irving Medical Center, New York, NY
08/2013-10/2023	Visiting Postgraduate Research Fellow	Medicine	Harvard Medical School, Boston, MA
08/2013-08/2019	Predoctoral Research Fellow	General Medicine and Primary Care	Brigham and Women's Hospital (BWH), Boston, MA

## Other Professional Positions

2025	Staff Associate	Department of Biomedical Informatics, Columbia University Irving Medical Center
2012-2019	Research Manager	Division of General Internal Medicine and Primary Care, BWH
2010-2012	Data Quality Assurance Manager	Harvard University/U.S. President's Emergency Plan for AIDS Relief (PEPFAR)
2008-2010	Data, Training, and Education Coordinator	Harvard University/U.S. President's Emergency Plan for AIDS Relief (PEPFAR)
2007-2008	Research Assistant	Division of General Internal Medicine and Primary Care, BWH
2006-2007	Emergency Medical Technician	Tufts Emergency Medical Services
2005-2006	Teacher, English-as-a-Second-Language	New York City Board of Education/New York City Teaching Fellows
2004-2005	Client Outreach Officer	Advanced Strategies for Healthcare Access
2004	Research Assistant	Department of Sociology, Yale University
2003-2004	Editorial Assistant/Contributor	Yale Medicine Magazine
2003	Paralegal	Raymond B. Schwartzberg & Associates
2001-2002	Client Advocate	Student Health Outreach (SHOut)
2000-2001	Program Assistant	Yale International Affairs Council

## Major Administrative Leadership Positions

### Local

2012-2019	Network Manager, Brigham and Women's Primary Care Practice-Based Research Network	Brigham Health
-----------	---	----------------

### National

2024-present	Planning Committee Member, Annual New England Science Symposium	Biomedical Science Careers Program
2024	Co-organizer, Using Artificial Intelligence to Better Understand Menopause Workshop	National Science Foundation/ National Institutes of Health
2018	Co-organizer, Queer Health Hackathon	Tegan and Sara Foundation

*International*

2023	Co-organizer/ Author Mentorship Program Sub-Chair, Machine Learning for Health (ML4H) Symposium	Association for Health Learning and Inference (AHLI)
------	---	---

**Committee Service**

2025–present	AI at VP&S Governance and Oversight Working Group	Columbia University
2025–present	2025–present	Member
2025–present	AI at VP&S Community Working Group	Columbia University
2025–present	2025–present	Member
2021–2023	Department of Biomedical Informatics Diversity, Equity, and Inclusion Working Group	Columbia University
2021–2023	2021–2023	Founding Member
2021–2022	Toward Diversity, Equity, and Inclusion in Informatics, Health Care, and Society Seminar Series & Planning Committee	Columbia University
2021–2022	2021–2022	Founding Member
2020–2022	Biomedical Informatics Departmental Seminar Series Planning Committee	Columbia University
2020–2022	2020–2022	Member
2019–2021	Electronic Health Record Phenotyping Working Group	Columbia University
2019–2021	2019–2021	Member
2015–2018	Sexual Orientation and Gender Identity Working Group	Partners Healthcare
2015–2018	2015–2018	Founding Member
2015–2016	Equity and Diversity Council	Brigham Health
2015–2016	2015–2016	Founding Member
2015–2016	2015–2016	Co-Chair, Data Working Group
2013–2015	Partners eCare Research Working Group	Partners Healthcare
2013–2015	2013–2015	Member
2013–2015	Partners eCare Sexual Orientation and Gender Identity Working Group	Partners Healthcare
2013–2015	2013–2015	Founding Member
2013–2014	Partners Human Research Committee, Insight Usability Working Group	Partners Healthcare
2013–2014	2013–2014	Member
2013–2014	Partners Enterprise Research Portal Working Group	Partners Healthcare
2013–2014	2013–2014	Member
2011–2019	LGBTQ and Allies Employee Resource Group	Brigham Health
2011–2019	2014–2016	Co-Chair
2011–2019	2011–2019	Member

2007–2008	Association of Multicultural Members of Partners Healthcare	Partners Healthcare
2007–2008		Member
2007–2008		Vice-Chair, BWH Chapter

## Professional Societies

2023–present	Society for the Advancement of Chicanos/Hispanics and Native Americans in Science (SACNAS)	
2022–present	Association for Computational Linguistics (ACL)	
2022–present	Association for the Advancement of Artificial Intelligence (AAAI)	
2022–present	Machine Learning for Healthcare (MLHC) 2022, 2023	Submission Reviewer, Annual Meeting
2020–present	Latinx in AI	
2019–present	Observational Health Data Science and Informatics (OHDSI) Collaborative	
	2024–present	Co-lead, Early-Stage Researchers Workgroup
2019–present	New York Academy of Sciences	
2017–present	Association for Computing Machinery (ACM)	
2014–present	American Medical Informatics Association (AMIA) 2014–present	Abstract Reviewer, Annual Symposium
2012–2014	American Public Health Association (APHA)	
2012–2014	AcademyHealth	
2008–present	Biomedical Science Careers Program (BSCP) 2023–present	Member, Educational Relief Fund Review Committee

## Editorial Activities

### *Ad hoc Reviewer*

American Psychologist	Journal of Medical Internet Research
Annals of Internal Medicine	Journal of the American Medical Informatics Association
Applied Clinical Informatics	Journal of the International AIDS Society
Clinical Infectious Disease	Medical Care
Health Informatics Journal	Natural Language Processing
Health Services Research	Open Forum Infectious Diseases
JAMA Network Open	The Joint Commission Journal on Quality and Patient Safety
JAMIA Open	The Journal of Infectious Diseases
Journal of Biomedical Informatics	Transactions of the Royal Society of Tropical Medicine & Hygiene
Journal of General Internal Medicine	

### *Other Editorial Roles*

2021–2023	Journal of the American Medical Informatics Association (JAMIA)
	2022–2023, JAMIA Journal Club Manager
	2021–2023, Student Editorial Board Member

## Honors and Prizes

2025	OHDSI Titan Award Nominee	Observational Health Data Science and Informatics (OHDSI) Collaborative	Leadership
2024–2025	AInet Fellow for Safety and Security in Artificial Intelligence	Deutscher Akademischer Austauschdienst (DAAD) German Academic Exchange Service, Federal Ministry of Education and Research	Research
2022–2024	T15 Predoctoral Research Training Fellowship	National Library of Medicine/ National Institute of Allergy and Infectious Diseases	
2021–2025	Computational and Data Science Fellowship	Association for Computing Machinery (ACM) Special Interest Group in High Performance Computing (SIGHPC)	Academic
2021–2023	Hope Scholarship	Biomedical Science Careers Program	
2021–2022	HSF Scholarship	Hispanic Scholarship Fund (HSF)	
2019–2022	T15 Predoctoral Research Training Fellowship	National Library of Medicine	
2019–2020	Dean's Fellowship	Columbia University Vagelos College of Physicians and Surgeons	Academic
2018	Ford Foundation Predoctoral Fellowship, Honorable Mention	National Academies of Sciences, Engineering, and Medicine	Academic
2018	Partners in Excellence Award for Leadership and Innovation	Partners HealthCare	
2018	Ruth and William Silen MD Award, Third Prize	New England Science Symposium	Research
2017	The Open Gate Travel Grant	Harvard Gender & Sexuality Caucus	Research
2016–2018	Merit Scholarship	Johns Hopkins Bloomberg School of Public Health	
2016	LGBTQ Leadership Award	Brigham Health	
2015	Brigham Way honoree	Brigham and Women's Hospital	Leadership
2015	Travel Scholarship	North American Primary Care Research Group	
2014	Partners in Excellence Award for Quality Treatment and Service	Partners HealthCare	
2014	Outstanding Quality & Patient Safety Oral Presentation	Society of General Internal Medicine	Research
2012	Partners in Excellence Award for Leadership and Innovation	Partners HealthCare	
2004	Mellon Forum Undergraduate Thesis Research Award	Yale University	
2002	Y50K Business Plan Competition, Non-Profit Category, Second Place	Yale Entrepreneurship Society	

## Report of Funded Projects

### *Funding Information*

#### **Current**

- 2025-2026 Symposium on Responsible Artificial Intelligence and Informatics for the Prevention and Control of Sexually Transmitted Infections  
Small Project Assistance Award  
American Sexually Transmitted Diseases Association  
Principal Investigator  
Aim: To convene AI researchers, clinicians, epidemiologists, public health specialists, bioethicists, and trainees for a one-day symposium at Columbia University Irving Medical Center to explore emerging responsible AI and informatics applications in diagnosis, surveillance, treatment, and prevention of sexually transmitted infections.
- 2025-2026 Spatiotemporal Mental Health-related Investigations to Foster Thriving among LGBTQ+, Black, and/or Latinx Youth in the United States (SHIFTS)  
Early Career Research Grant  
Hopelab  
Co-Principal Investigator  
Aim: To conduct population-level examinations of mental health outcomes and their associated factors in American LGBTQ+ and/or racially minoritized youth across 2018, 2021, and 2024 Hopelab National Surveys.
- 2024-2026 Development and Evaluation of an Informatics-Based Approach to Reducing Disparities in Kidney Transplant Evaluation Completion in a Learning Health System  
Learning Health System and Health Justice Research and Training Award  
EQUIP Center for Learning Health Systems/Dalio Center for Health Justice  
Co-Investigator (PI: H. Fernandez)  
Aim: To identify patients at high risk for delayed kidney pre-transplant clinical evaluation using machine learning, target them for enhanced monitoring and engagement, and provide direct support to mitigate roadblocks contributing to delays.

#### **Past**

- 2023-2024 Clinical and Translational Science Award  
National Center for Advancing Translational Sciences (NCATS) 3UL1TR001873-08S1  
Graduate Research Student (PI: Reilly)  
Aim: To investigate justice, equity, diversity and inclusion (JEDI) in ethical frameworks applied to research on artificial intelligence in digital health and create educational case studies for identifying ethical issues related to JEDI and discussing potential approaches to integrate JEDI goals.
- 2018–2019 A Multicenter Randomized Controlled Trial of Pharmacist-Directed Transitional Care to Reduce Post-Hospitalization Utilization  
National Institute on Aging (NIA) R01 AG 058911-01  
Project Manager (Site PI: Schnipper)  
Aim: To measure the impact of pharmacist-led discharge (PHARM-DC) interventions on post-discharge utilization within 30 days and identify patient sub-populations most likely to benefit from PHARM-DC.

- 2017–2018 Novel electronic health record phenotyping of LGBTQ intersectional identities and associated health disparities using natural language processing and machine learning  
Harvard Catalyst  
Co-Investigator (PI: Zhou)  
Aim: To develop methods using machine learning and natural language processing to identify sexual and gender minority (SGM) populations from electronic health records and characterize potential healthcare disparities associated with different segments of SGM populations.
- 2016–2018 Electronic Medication Adherence Reporting and Feedback During Care Transitions (Smart Pillbox)  
Agency for Healthcare Research and Quality (AHRQ) R21 HS 024587-01  
Project Manager/Statistical Programmer (PI: Schnipper)  
Aim: To implement a smart pillbox intervention for patients discharged from the hospital to the community and to evaluate the effects of the intervention on post-discharge medication discrepancies, medication adherence, and chronic disease management.
- 2015–2018 Implementation of a Medication Reconciliation Protocol to Improve Patient Safety  
Agency for Healthcare Research and Quality (AHRQ) R18 HS 023757-01A1  
Project Manager/Statistical Programmer (PI: Schnipper)  
Aim: To widely disseminate, implement, and evaluate sustainable medication reconciliation interventions that improve patient safety during care transitions.
- 2015–2017 Clinician-Patient Relationships: Boundaries, Barriers, Breakdowns  
Gold Foundation/Lucian Leape Family Foundation  
Project Director (PI: Schiff)  
Aim: To examine physician attitudes and practices related to caring acts that have been questioned as “inappropriate” or “unethical” crossing of professional boundaries.
- 2014–2016 Understanding and Preventing Diagnostic Pitfalls  
Risk Management Foundations of the Harvard Medical Institutions (CRICO)  
Project Director (PI: Schiff)  
Aim: To identify leading diagnostic pitfalls that pose safety and malpractice risks, then design and test the accuracy of electronic screens for these pitfalls in the electronic health record.
- 2014–2016 Evaluating Variation in Overactive Bladder Medication Use and Other Treatments  
Astellas Pharma US, Inc.  
Statistical Programmer (PI: Loughlin)  
Aim: To develop an electronic phenotype for overactive bladder, then characterize overactive bladder treatment, medication adherence, and outcomes.
- 2014–2015 Are Physicians and Patients Adhering to the Published Guidelines for Fasting during Ramadan?  
Martin P. Solomon Award for Primary Care Scholarship, BWH  
Co-Investigator (PI: Ali)  
Aim: To measure differences in rates of health care utilization for Muslim patients just prior to, during, and after Ramadan.
- 2014 First Annual BWH DGIM Research Day  
BRI/ORC Microgrant Pilot Program  
Principal Investigator  
Aim: To develop a BWH Division of General Internal Medicine and Primary Care retreat to showcase contributions of research assistants and promote their career development.

- 2013–2015 Patient Outcomes Associated with Year-End Departure of Resident Primary Care Physicians  
Support for Excellence in Educational Development (SEED) Grant, BWH  
Co-Investigator (PI: Solomon)  
Aim: To investigate whether acute care utilization is increased disproportionately among patients of graduating resident physicians compared to non-graduating residents.
- 2013–2014 Acute Respiratory Infection Telephone Management Service  
Brigham and Women's Physicians Organization Care Redesign Incubator and Startup Program – Round 1 and Round 2  
Data Manager (PI: Linder)  
Aim: To develop, implement, and evaluate an acute respiratory infection telephone management service at one of the Brigham and Women's Primary Care Practices.
- 2012–2014 Use of Behavioral Economics to Improve Treatment of Acute Respiratory Infections  
National Institutes of Health/University of Southern California 1RC4AG039115-01  
Data Manager/Statistical Programmer (Site PI: Linder)  
Aim: To evaluate the use of behavioral economic concepts such as enhanced defaults, alternative options, and social norms to reduce inappropriate antibiotic prescribing for acute respiratory infections.
- 2012–2014 Medical Malpractice and Patient Safety Protocol (PROMISES)  
Agency for Healthcare Research and Quality (AHRQ) 1R18HS019508-01  
Project Manager (PI: Schiff)  
Aim: To test the impact of quality improvement techniques to improve 3 high risk ambulatory malpractice areas: 1) medication management, 2) test ordering and results management 3) follow-up and referral management.
- 2010–2012 President's Emergency Plan for AIDS Relief (PEPFAR)  
Health Resources and Services Administration (HRSA) U51HA02522  
Data Quality Assurance Manager (PI: Kanki)  
A \$362 million grant to train health care workers, develop monitoring and evaluation systems, strengthen health care infrastructures, and collaborate with local hospitals and clinics in Nigeria, Botswana, and Tanzania that provide treatment for people living with HIV/AIDS.
- 2008–2010 President's Emergency Plan for AIDS Relief (PEPFAR)  
Health Resources and Services Administration (HRSA) U51HA02522  
Data, Training, and Education Coordinator (PI: Kanki)  
A \$362 million grant to train health care workers, develop monitoring and evaluation systems, strengthen health care infrastructures, and collaborate with local hospitals and clinics in Nigeria, Botswana, and Tanzania that provide treatment for people living with HIV/AIDS.
- 2007–2008 Pharmacist Intervention to Decrease Medication Errors in Heart Disease Patients  
National Heart, Lung, and Blood Institute (NHLBI), R01HL089755  
Research Assistant (Site PI: Schnipper)  
Aim: To evaluate a literacy-focused program that provides pharmacist-led educational assistance at the time of hospital discharge to patients with heart disease.
- 2007 Influenza in the Partners Primary Care Practice-Based Research Network  
Roche Laboratories, RLI 06001207  
Research Assistant (PI: Linder)  
Aim: To measure and evaluate the appropriateness of antiviral and antibiotic prescribing for patients being treated for influenza in primary care clinics.

## Report of Local Teaching and Training

### *Teaching of Students in Courses*

2022	BINF G4008 Interrogating Ethics and Justice in Digital Health Teaching Assistant Master's and PhD students	Columbia University Graduate School of Arts and Sciences 2-hr sessions per week for 13 weeks
2021, 2022	INTC M7210 Mechanisms and Practice Preceptor in Clinical Informatics 2nd year medical students	Columbia Vagelos College of Physicians and Surgeons Two 2-hr sessions per week for 2 weeks
2020	BINF G4011 Acculturation to Medicine & Clinical Informatics Teaching Assistant Master's and PhD students	Columbia University Graduate School of Arts and Sciences 2-hr sessions per week for 13 weeks
2016, 2017	HPM 299 Research with Large Databases Teaching Fellow Master's and PhD students	Harvard T.H. Chan School of Public Health Five 1.5-hr sessions per week for 3 weeks

### *Mentored Trainees*

2024	Kemka Ihemelandu, Summer Program for Undergraduate Rising Stars (SPURS) Research Assistant, Columbia University (Undergraduate at Georgetown University)
------	---

### *Local Invited Presentations*

No presentations below were sponsored by 3rd parties/outside entities.

2025	Foundation Models Across Scales: From Cells to Health Systems / Workshop Moderator AI at Vagelos College of Physicians and Surgeons (AI@VP&S) Initiative, New York, NY
2024	The Promise and Perils of Artificial Intelligence for Health Equity / Invited Presentation Artificial Intelligence Summer Course, Columbia University Double Discovery Program.
2024	Elucidating Health Inequities and Research Gaps in HIV and Other Sexually Transmitted Infections Using Data Mining and a Large Language Model: A Computational Scoping Review / Invited Presentation HIV Prevention Research Working Group, NYPH, New York, NY.
2023	Development and Validation of Multimodal Deep Learning Models to Identify Human Monkeypox in the Electronic Health Record / Invited Presentation HIV Prevention Research Working Group, NYPH, New York, NY.
2023	Health Information Exchange Enables Enhanced STI Surveillance Using Electronic Health Record Data / Invited Presentation HIV Prevention Research Working Group, NYPH, New York, NY.
2023	Enabling a Learning Public Health System: Enhanced Surveillance of Sexually Transmitted Infections / Invited Presentation Division of Infectious Diseases, NewYork-Presbyterian Hospital (NYPH), New York, NY.

- 2022 Mining the Health Disparities and Minority Health Bibliome / Invited Presentation  
Biomedical Informatics Seminar Series, Department of Biomedical Informatics, Columbia University
- 2019 LGBTQ Health - Diversity, Culture, and Inclusion Series / Invited Presentation  
Division of General Internal Medicine and Primary Care, Brigham and Women's Hospital
- 2018 Documentation of Sexual Orientation and Gender Identity in the Electronic Health Record / Invited Presentation  
Division of General Internal Medicine and Primary Care, Brigham and Women's Hospital
- 2017 Improving and Leveraging Sexual Orientation and Gender Identity Demographics in Epic / Invited Presentation  
Sexual Orientation and Gender Identity Working Group, Partners HealthCare
- 2017 Algorithmic Bias and Health Disparities / Invited Presentation  
Machine Learning Working Group, Partners HealthCare
- 2014 The LGBTQ Data Collection Gap: Sexual Orientation and Gender Identity in the EHR / Invited Presentation  
LGBTQ and Allies Employee Resource Group, Brigham Health
- 2014 Designing and Building Clinical Research Databases / Invited Presentation  
Division of General Internal Medicine and Primary Care, Brigham and Women's Hospital
- 2014 SQL-based Data Management and Manipulation / Invited Presentation  
Division of General Internal Medicine and Primary Care, Brigham and Women's Hospital
- 2013 How Busy Clinicians Can Improve Care and Pursue Scholarship / Invited Workshop  
Division of General Internal Medicine and Primary Care, Brigham and Women's Hospital

## Report of Regional, National, and International Invited Teaching and Presentations

No presentations below were sponsored by 3rd parties/outside entities.

### *Regional*

- 2023 Getting into Graduate School and Succeeding/ Invited Panelist  
New England Science Symposium, Biomedical Science Careers Program  
Boston, MA
- 2022 Mining the Health Disparities and Minority Health Bibliome / Invited Presentation  
Biomedical Informatics Colloquium, New York City College of Technology (City Tech)  
New York, NY
- 2018 High physician and clinic-level variation in documentation of sexual orientation and gender identity in the electronic health record / Plenary Session  
New England Science Symposium  
Boston, MA  
**Received the Ruth and William Silen Award, Third Prize**

- 2016 Identifying and Understanding Malpractice-Prone Diagnostic Pitfalls / Invited Presentation  
Risk Management Foundation of the Harvard Medical Institutions Incorporated (RMF)  
CRICO Research Day  
Boston, MA

### *National*

- 2023 Enabling a Learning Public Health System: Enhanced Surveillance of Sexually Transmitted Infections (Selected Oral Abstract)  
American Medical Informatics Association Annual Symposium  
New Orleans, LA
- 2023 Challenges, Opportunities, and Considerations: Promoting Inclusive Research in the Era of Big Data / Invited Presentation and Panelist  
American Medical Informatics Association Annual Symposium  
New Orleans, LA
- 2022 Mining the Health Disparities and Minority Health Bibliome: A Computational Scoping Review (Selected Oral Abstract)  
American Medical Informatics Association Annual Symposium  
Washington, DC  
**Spotlighted by AMIA for “demonstrating best practices in promoting diversity, equity, and inclusion through scholarly communications in biomedical informatics.”**
- 2021 Differential Presentation and Delays in Treatment for Acute Myocardial Infarction Associated with Sex, Race, Ethnicity (Selected Oral Abstract)  
American Medical Informatics Association Annual Symposium  
San Diego, CA
- 2015 Advocacy and Implementation: Gathering SOGI Demographics in the Clinical Setting (Selected Oral Abstract)  
Gay and Lesbian Medical Association Annual Conference  
Portland, OR
- 2014 Comparing Clinicians’ Perception of Their Own and Their Peers’ Antibiotic Prescribing to Actual Antibiotic Prescribing for Acute Respiratory Infections in Primary Care (Selected Oral Abstract)  
Society of General Internal Medicine Annual Meeting  
San Diego, CA  
**Received the Outstanding Quality and Patient Safety Oral Presentation Award**

### *International*

- 2023 Health Information Exchange Enables Enhanced STI Surveillance Using Electronic Health Record Data (Selected Oral Abstract)  
STI & HIV 2023 World Congress  
Chicago, IL, USA

- 2015    Gathering Sexual Orientation and Gender Identity Demographics in the Clinical Setting /  
Selected Workshop  
North American Primary Care Research Group Practice-Based Research Network Conference  
Bethesda, MD, USA
  
- 2014    PBRN Organization and Governance to Promote Practice, Clinician, Researcher, and Patient  
Engagement / Selected Workshop  
North American Primary Care Research Group Practice-Based Research Network Conference  
Bethesda, MD, USA
  
- 2011    Programming: Creating a Utility and Basics of Scripting/ Invited Seminar  
AIDS Prevention Initiative Nigeria Plus (APIN Plus)  
Abuja, Nigeria
  
- 2011    Programming and Trouble-shooting Databases/ Invited Seminar  
AIDS Prevention Initiative Nigeria Plus (APIN Plus)  
Abuja, Nigeria
  
- 2011    Cohort Analyses II: Using EHR Data/ Invited Seminar  
AIDS Prevention Initiative Nigeria Plus (APIN Plus)  
Abuja, Nigeria
  
- 2011    Cohort Analyses I: Using EHR Data/ Invited Seminar  
AIDS Prevention Initiative Nigeria Plus (APIN Plus)  
Abuja, Nigeria
  
- 2011    Monitoring data and Trouble-shooting/ Invited Seminar  
AIDS Prevention Initiative Nigeria Plus (APIN Plus)  
Abuja, Nigeria
  
- 2011    Introduction to Data Management/ Invited Seminar  
AIDS Prevention Initiative Nigeria Plus (APIN Plus)  
Abuja, Nigeria
  
- 2011    Critical Elements in Database Cleaning, a Checklist/ Invited Seminar  
AIDS Prevention Initiative Nigeria Plus (APIN Plus)  
Abuja, Nigeria
  
- 2011    Basics of Programming and Scripting/ Invited Seminar  
AIDS Prevention Initiative Nigeria Plus (APIN Plus)  
Abuja, Nigeria
  
- 2009    Improving Understanding and Medication Adherence/ Invited Plenary Presentation  
HIV Training, AIDS Prevention Initiative Nigeria Plus (APIN Plus)  
Abuja, Nigeria

## Report of Clinical Activities and Innovations

### *Past and Current Licensure and Board Certification*

2006 Certification, New York State Emergency Medical Technician (EMT-D)

## Report of Teaching and Education Innovations

Creation of a JEDI-AI  
Case Study Series  
(2023-2024)

Co-developed educational case studies focused on justice, ethics, diversity, and inclusion (JEDI) in the development and use of artificial intelligence (AI) approaches in digital health.

## Report of Technological and Other Scientific Innovations

HDMH Monitor  
(2022)

HDMH Monitor is an online article repository and interactive dashboard that leverages natural language processing and machine learning methods to support scientific discovery via automated archive, search, information synthesis, and data visualization of articles concerning health disparities and minority health (HDMH).  
<https://hdmhmonitor.dbmi.columbia.edu/>

C-REACT: Contextualized  
Race and Ethnicity  
Annotations for Clinical Text  
(2022)

As a member of the Elhadad lab, my colleagues and I curated the C-REACT dataset, a large publicly-available corpus of sentences from clinical notes manually annotated for information related to race and ethnicity (RE). This corpus contains two sets of gold-standard annotations for RE data. The first set contains granular RE-information such as patient country of origin. The second set of annotations contains RE labels manually assigned by clinicians.  
<https://physionet.org/content/race-ethnicity-clinical-text/>

Health Equity Research  
Assessment (HERA)  
(2021)

As a member of the Elhadad lab, I supported the Health Equity Research Assessment (HERA), a large-scale characterization conducted across Observational Health Data Science Informatics (OHDSI) sites with heterogeneous populations and insurance coverage, allowing for identification of persistent and generalizable trends in diagnosis differences. The HERA dashboard and visualizations can be used to download study data, further investigate health differences, and generate novel hypotheses.  
<https://data.ohdsi.org/HERACharacterization/>

CovidWatcher (2020)	As part of a department-wide effort, my colleagues and I developed CovidWatcher, an app and online portal that surveyed users about COVID-19 exposure, symptoms, access to medical care, and impact on daily life. Data collected was used to track spread of COVID-19, giving citizens real-time information about hot spots and enabling health care officials to deploy resources where needed. <a href="https://www.dbmi.columbia.edu/covidwatcher/">https://www.dbmi.columbia.edu/covidwatcher/</a>
EHR pediatric quality improvement tool (2011)	Co-developed and evaluated a utility to extract information from data warehouse and generate measures based on 23 pediatric quality of care indicators at 33 Harvard PEPFAR sites in Nigeria. Programmed module to review continuity of care, drug therapy initiation, medication adherence, loss to follow-up, laboratory monitoring, disease screening based on clinical symptoms assessment or diagnostic evaluation, treatment failure, toxicity management, nutritional assessment, and treatment response.
EHR data quality assessment tool, version 2.0 (2011)	Instituted major modifications to and evaluated a pre-existing EHR utility to incorporate expanded data quality indicators at 33 Harvard PEPFAR sites in Nigeria. With this utility, central and site-level data managers are able to better monitor and improve data completeness, validity, accuracy, and currency.
Electronic health record (EHR) adult quality improvement tool (2010)	Co-developed and evaluated a utility to extract information from data warehouse and generate measures based on 15 adult quality of care indicators at 33 Harvard PEPFAR sites in Nigeria. Module reviews continuity of care, drug therapy initiation, loss to follow-up, laboratory monitoring, disease screening based on clinical symptoms assessment, treatment failure, and treatment response.

## Report of Education of Patients and Service to the Community

### *Activities*

2020-present	De La Salle Academy/Proctor Proctor annual entrance exam for only private, independent middle school in New York City for academically talented students from economically less advantaged families.
2019	High School Scholars Program, American Medical Informatics Association/Mentor Supported high school students with research projects; reviewed their work and helped them practice scientific presentations; offered career advice and encouragement.
2013-2016	Human Rights Commission, City of Cambridge/Commissioner, Vice Chair Adjudicated complaints of discrimination occurring in Cambridge, MA related to housing, employment, education, and public accommodation. Lobbied the state legislature on important policies such as pay equity, protections relative to domestic violence, and anti-discrimination legislation for sexual and gender minorities. Facilitated conciliations among parties. Conducted information sessions on civil rights.

- 2007 Timmy Global Health, Dominican Republic/Medical Relief Volunteer  
Helped establish temporary medical clinics along Haiti-Dominican Republic border; triaged patients, managed pharmacy, translated proper drug use and application.
- 2006-2016 Boston Medical Reserve Corps/Emergency Medical Technician  
The Boston Medical Reserve Corps is a group of volunteers who are ready to respond should there be a public health emergency in Boston.
- 2001-2005 Latino Youth Enrichment Team (LYET), New Haven, CT/Co-Director  
Managed community center mentorship program and developed instructional methods for Latino youth ranging in age from 6 through 13.

### *Educational Material for Patients and the Lay Community*

#### **Books, monographs, articles and presentations in other media**

Large-scale Characterization of Gender Differences in Age at Diagnosis and Time to Diagnosis in Longitudinal Observational Health Data. National Institutes of Health (NIH) Office of Research on Women's Health (ORWH) Workshop on Gender and Health: Impacts of Structural Sexism, Gender Norms, Relational Power Dynamics, and Gender Inequities. (selected oral abstract presented by Elhadad). Virtual Event; 10/2022.
8. Sun TY, Chen J, **Reyes Nieva H**, Bear Don't Walk OJ IV, Altosaar J, Elhadad N. Gender Differences in Time to Diagnosis through Fairness and Time Variant Evaluation of EHR Data (selected oral abstract presented by Sun). American Medical Informatics Association Annual Symposium. San Diego, CA; 11/2021.
9. Pang C, Chen R, **Reyes Nieva H**, Kalluri KS, Sun TY, Jiang X, Rodriguez VA, Ryan PB, Natarajan K. Characterization and Comparison of Embedding Algorithms for Phenotyping across a Network of Observational Databases. (selected oral abstract presented by Pang). American Medical Informatics Association Annual Symposium. Virtual Event; 11/2020.
10. Boskey E, Tabaac A, Wigell R, Wolf K, Lage I, Landrum S, **Reyes Nieva H**, Bearnot B, Streed C. Using patterns of missing EHR data to identify care disparities in gender diverse patients. (selected oral abstract presented by Tabaac). APHA Annual Meeting and Expo. Virtual Event; 10/2020.

## International

1. **Reyes Nieva H**, Kashyap A, Voss EA, Ostroplets A, Anand A, Ketenci M, DeFalco FJ, Natarajan K, Choi YS, Li Y, Allen MN, Guang S, Elhadad N. The Impact of Evolving Diagnostic Guidelines on Clinical Characterization of Endometriosis. Poster Presentation. OHDSI Global Symposium, New Brunswick, NJ; 10/2024.
2. **Reyes Nieva H**, Zucker J, Tucker EG, McLean J, DeLaurentis C, Gunaratne S, Elhadad N. Development and Validation of Machine and Deep Learning Classifiers for Monkeypox. Poster Presentation.

Symposium on Artificial Intelligence for Learning Health Systems (SAIL), Río Grande, Puerto Rico; 05/2023.

3. Desai PM, Ostropolets A, Richter LR, **Reyes Nieva H**, Spotnitz M, Rodriguez VA, Sun TY, Natarajan K. Phenotype Development and Evaluation of Heart Failure: A Case Study in using Patient-Level Prediction to Improve Phenotype Validity. Poster presentation. OHDSI Global Symposium. 09/2021.
