

# Harry Reyes Nieva, MAS, MA

Columbia University Irving Medical Center  
Department of Biomedical Informatics  
622 West 168th Street, PH20  
New York, NY 10032

Email: [hr2479@cumc.columbia.edu](mailto:hr2479@cumc.columbia.edu)  
Homepage: <https://www.harryreyesnieva.com>  
Place of Birth: New York, NY, USA

## Education

Columbia University in the City of New York, New York, NY  
*Doctor of Philosophy* in Biomedical Informatics, Expected May 2024  
*Master of Arts* in Biomedical Informatics, May 2021 (GPA: 4.0)  
Advisor: Noémie Elhadad, PhD  
Coursework includes: Intelligent Decision Systems, Computational Methods, Symbolic Methods, Natural Language Processing, Computer Applications in Health Care, Programming and Statistics

Beijing Language and Culture University, Beijing, China  
北京语言大学, 北京, 中国  
*Summer Student*, Intensive Mandarin, 2019

Johns Hopkins Bloomberg School of Public Health, Baltimore, MD  
*Master of Applied Science* in Spatial Analysis, June 2019  
Thesis: Spatiotemporal modeling of opioid prescribing and persistent opioid use, 2000-2018  
Coursework included: Biostatistics, Spatial Statistics, Epidemiology, Spatial Data Technologies

Harvard T.H. Chan School of Public Health, Boston, MA  
*Special Student*, International and Population Health, 2009-2011  
Coursework included: Immunology, Tuberculosis, Planning and Evaluation of Health Programs, Financing Health Care in Developing Countries, Survey Research Methods in Community Health

Yale University, New Haven, CT  
*Bachelor of Arts* in Sociology and History, May 2005  
Coursework included: Elements of Computing, Current Issues in Biological Sciences, General Chemistry, Calculus I & II, Social Policy Analysis, Portuguese for Spanish Speakers, Elementary Yoruba

## Research Experience

2019-present	<i>National Library of Medicine Predoctoral Research Trainee</i> , Department of Biomedical Informatics, Columbia University in the City of New York, New York, NY
2013-present	<i>Visiting Postgraduate Research Fellow</i> , Department of Medicine, Harvard Medical School, Boston, MA
2013-2019	<i>Predoectional Research Fellow</i> , Division of General Internal Medicine and Primary Care, Brigham and Women's Hospital, Boston, MA
2012-2019	<i>Research Manager</i> , Division of General Internal Medicine and Primary Care, Brigham and Women's Hospital, Boston, MA
2007-2008	<i>Research Assistant</i> , Division of General Internal Medicine and Primary Care, Brigham and Women's Hospital, Boston, MA
2004	<i>Research Assistant (work study)</i> , Yale University, Department of Sociology, New Haven, CT

## Teaching Experience

Fall 2022	<i>Teaching Assistant, BINF G4008 Interrogating Ethics and Justice in Digital Health, Columbia University, New York, NY</i>
Spring 2022	<i>Preceptor in Clinical Informatics, INTC M7210 Mechanisms and Practice, Columbia Vagelos College of Physicians and Surgeons, New York, NY</i>
Spring 2021	<i>Preceptor in Clinical Informatics, INTC M7210 Mechanisms and Practice, Columbia Vagelos College of Physicians and Surgeons, New York, NY</i>
Fall 2020	<i>Teaching Assistant, BINF G4011 Acculturation to Medicine &amp; Clinical Informatics, Columbia University, New York, NY</i>
Summer 2017	<i>Teaching Fellow, HPM 299 Research with Large Databases, Harvard T.H. Chan School of Public Health, Boston, MA</i>
Summer 2016	<i>Teaching Fellow, HPM 299 Research with Large Databases, Harvard T.H. Chan School of Public Health, Boston, MA</i>
2005–2006	<i>Teacher, English-as-a-Second-Language, New York City Board of Education/New York City Teaching Fellows, New York, NY</i>
2000–2001	<i>Reading Tutor (work study), America Reads, New Haven, CT</i>

## Committee Service

2021–present	<i>Diversity, Equity, and Inclusion Working Group, Department of Biomedical Informatics, Columbia University</i> 2021–present Founding Member
2021–2022	<i>Toward Diversity, Equity, and Inclusion in Informatics, Health Care, and Society Seminar Series Planning Committee, Columbia University</i> 2021–2022 Founding Member
2020–2022	<i>Biomedical Informatics Departmental Seminar Series Planning Committee, Columbia University</i> 2020–2022 Member
2019–2021	<i>Electronic Health Record Phenotyping Working Group, Columbia University</i> 2019–present Member
2015–2018	<i>Partners Sexual Orientation and Gender Identity Working Group</i> 2015–2018 Founding Member
2015–2016	<i>Brigham Health Equity and Diversity Council</i> 2015–2016 Founding Member
2013–2015	<i>Partners eCare Research Working Group</i> 2013–2015 Member
2013–2015	<i>Partners eCare Sexual Orientation and Gender Identity Working Group</i> 2013–2015 Founding Member
2013–2014	<i>Partners Human Research Committee, Insight Usability Working Group</i> 2013–2014 Member
2013–2014	<i>Partners Enterprise Research Portal Working Group</i> 2013–2014 Member
2011–2019	<i>Brigham Health LGBTQ and Allies Employee Resource Group</i> 2011–2019 Member
2007–2008	<i>Association of Multicultural Members of Partners Healthcare</i> 2007–2008 Member 2007–2008 Vice-Chair, Brigham and Women’s Hospital Chapter

## Professional Organizations and Societies

2020–present	<i>Member, Latinx in AI</i>
2019–present	<i>Member, New York Academy of Sciences</i>
2017–present	<i>Member, Association for Computing Machinery</i> Special Interest Groups: Artificial Intelligence; Biomedical Informatics; High Performance Computing; Knowledge Discovery in Data
2014–present	<i>Member, American Medical Informatics Association</i> Special Interest Groups: Clinical Decision Support; Ethics, Legal, and Social Issues; Knowledge Discovery and Data Mining; Natural Language Processing
	2014–present <i>Abstract Reviewer, Annual Symposium</i>
2012–2014	<i>Member, American Public Health Association</i> Special Interest Groups: Medical Care, Health Informatics Information Technology
2012–2014	<i>Member, AcademyHealth</i>

## Editorial Activities

### *Editorial Roles*

2021–present	<i>Journal of the American Medical Informatics Association</i> 2021–present, <i>Student Editorial Board Member</i> 2022–present, <i>Journal Club Manager</i>
--------------	--

### *Ad hoc Reviewer*

Applied Clinical Informatics	Journal of General Internal Medicine
JAMA Network Open	Medical Care

## Honors and Prizes

2021–2024	<i>Computational and Data Science Fellowship, Association for Computing Machinery (ACM)</i> Special Interest Group in High Performance Computing (SIGHPC)
2021–2023	<i>HOPE Scholarship, Biomedical Science Careers Program, Harvard Medical School</i>
2021–2022	<i>HSF Scholar, Hispanic Scholarship Fund</i>
2019–2024	<i>Predoctoral Research Trainee Fellowship, National Library of Medicine</i>
2019	<i>Dean's Fellowship, Columbia University Vagelos College of Physicians and Surgeons</i>
2018	<i>Ford Foundation Predoctoral Fellowship Honorable Mention, National Academies of Sciences, Engineering, and Medicine</i>
2018	<i>Partners in Excellence Award for Leadership and Innovation, Partners HealthCare</i>
2018	<i>Ruth and William Silen MD Award, Third Prize, New England Science Symposium</i>
2016–2018	<i>Merit Scholarship, Johns Hopkins Bloomberg School of Public Health</i>
2016	<i>LGBTQ Leadership Award, Brigham Health</i>
2015	<i>Brigham Way honoree, Brigham and Women's Hospital</i>
2015	<i>Practice-Based Research Network Conference Travel Scholarship, North American Primary Care Research Group</i>
2014	<i>Partners in Excellence Award for Quality Treatment and Service, Partners HealthCare</i>
2014	<i>Outstanding Quality &amp; Patient Safety Oral Presentation, Society of General Internal Medicine</i>
2012	<i>Partners in Excellence Award for Leadership and Innovation, Partners HealthCare</i>
2004	<i>Mellon Forum Undergraduate Thesis Research Funding Award, Yale University</i>

## Report of Education of Patients and Service to the Community Activities

- 2021 *COVID-19 Vaccination Effort, New York Presbyterian Hospital/Armory Volunteer*  
Verify patients have scheduled appointments prior to entrance, check patients in for visit via Epic system, schedule follow-up visits for second dose administration, and assist with traffic flow as patients move through the vaccination process.
- 2019 *High School Scholars Program, American Medical Informatics Association/Mentor*  
Support high school students as they pursue research projects; review their work and help them practice scientific presentations; offer career advice and encouragement.
- 2018 *Queer Health Hackathon/Co-organizer*  
Co-organized 3-day collaborative event to convene software engineers, data scientists, and clinical experts to examine longitudinal clinical database for potential LGBTQ health disparities. Extracted and transformed/de-identified EHR data from health system enterprise data warehouse; loaded on Amazon Web Services Cloud platform.
- 2013-2016 *Human Rights Commission, City of Cambridge/Commissioner, Vice Chair*  
Adjudicated complaints of discrimination occurring in Cambridge, Massachusetts related to housing, employment, education, and public accommodation. Facilitated conciliations to settle disputes among parties. Conducted information sessions on civil rights.
- 2006-2016 *Boston Medical Reserve Corps/Emergency Medical Technician*  
The Boston Medical Reserve Corps is a group of volunteers who are ready to respond should there be a public health emergency in Boston.
- 2007 *Timmy Global Health, Dominican Republic/Medical Relief Volunteer*  
Helped establish temporary medical clinics along Haiti-Dominican Republic border; triaged patients, managed pharmacy, translated proper drug use and application.
- 2001-2005 *Latino Youth Enrichment Team (LYET), New Haven, CT/Co-Director*  
Managed community center mentorship program and developed instructional methods for Latino youth ranging in age from 6 through 13.

## Report of Funded and Unfunded Projects

### *Funding Information*

#### **Past**

- 2018-2019 *A Multicenter Randomized Controlled Trial of Pharmacist-Directed Transitional Care to Reduce Post-Hospitalization Utilization*  
National Institute on Aging (NIA) R01 AG 058911-01  
Project Manager (Site PI: Schnipper)  
Aim: To measure the impact of pharmacist-led discharge (PHARM-DC) interventions on post-discharge utilization within 30 days. We will also identify patient sub-populations most likely to benefit from PHARM-DC.
- 2017-2018 *Novel electronic health record phenotyping of LGBTQ intersectional identities and associated health disparities using natural language processing and machine learning*  
Harvard Catalyst  
Co-Investigator (PI: Zhou)  
Aim: Develop methods using machine learning and natural language processing to address logistical challenges in obtaining representative samples of sexual and gender minority (SGM) populations and characterize comorbidity prevalence and potential health inequities associated with different segments of SGM populations.

- 2016–2018 *Electronic Medication Adherence Reporting and Feedback During Care Transitions (Smart Pillbox)*  
Agency for Healthcare Research and Quality (AHRQ) R21 HS 024587-01  
Project Manager/Statistical Programmer (PI: Schnipper)  
Aim: To implement a smart pillbox intervention for patients discharged from the hospital to the community and to evaluate the effects of the intervention on post-discharge medication discrepancies, medication adherence, and chronic disease management.
- 2015–2018 *Implementation of a Medication Reconciliation Protocol to Improve Patient Safety*  
Agency for Healthcare Research and Quality (AHRQ) R18 HS 023757-01A1  
Project Manager/Statistical Programmer (PI: Schnipper)  
Aim: The long-term objective of this research is to widely disseminate, implement, and evaluate sustainable medication reconciliation interventions that improve patient safety during care transitions.
- 2015–2017 *Clinician-Patient Relationships: Boundaries, Barriers, Breakdowns*  
Gold Foundation/Lucian Leape Family Foundation  
Project Director (PI: Schiff)  
Aim: This study examines physician attitudes and practices related to caring acts that have been questioned as “inappropriate” or “unethical” crossing of professional boundaries.
- 2014–2016 *Understanding and Preventing Diagnostic Pitfalls*  
Risk Management Foundations of the Harvard Medical Institutions (CRICO)  
Project Director (PI: Schiff)  
Aim: The goal of this project is to identify leading diagnostic pitfalls that pose safety and malpractice risks, then design and test the accuracy of electronic screens for these pitfalls in the electronic health record.
- 2014–2016 *Evaluating Variation in Overactive Bladder Medication Use and Other Treatments*  
Astellas Pharma US, Inc.  
Statistical Programmer (PI: Loughlin)  
Aim: Characterize overactive bladder treatment, medication adherence, and outcomes.
- 2014–2015 *Are Physicians and Patients Adhering to the Published Guidelines for Fasting during Ramadan?*  
Martin P. Solomon Award for Primary Care Scholarship, BWH  
Co-Investigator (PI: Ali)  
Aim: To measure differences in rates of health care utilization for Muslim patients just prior to, during, and after Ramadan.
- 2014 *First Annual BWH DGIM Research Day*  
BRI/ORC Microgrant Pilot Program  
Principal Investigator (\$1,000)  
Aim: Develop BWH Division of General Internal Medicine and Primary Care retreat to showcase contributions of research assistants and promote their career development.
- 2013–2015 *Patient Outcomes Associated with Year-End Departure of Resident Primary Care Physicians*  
Support for Excellence in Educational Development (SEED) Grant, BWH  
Co-Investigator (PI: Solomon)  
Aim: To investigate whether acute care utilization is increased disproportionately among patients of graduating resident physicians compared to non-graduating residents.

- 2013–2014 *Acute Respiratory Infection Telephone Management Service*  
Brigham and Women's Physicians Organization Care Redesign Incubator and Startup Program – Round 1 and Round 2  
Data Manager (PI: Linder)  
Aim: To develop, implement, and evaluate an acute respiratory infection telephone management service at one of the Brigham and Women's Primary Care Practices.
- 2012–2014 *Medical Malpractice and Patient Safety Protocol (PROMISES)*  
Agency for Healthcare Research and Quality (AHRQ) 1R18HS019508-01  
Project Manager (PI: Schiff)  
Aim: To test the impact of quality improvement techniques to accomplish innovations and improvements in 3 high risk ambulatory malpractice areas: 1) medication management, 2) test ordering and results management 3) follow-up and referral management.
- 2012–2014 *Use of Behavioral Economics to Improve Treatment of Acute Respiratory Infections*  
National Institutes of Health/University of Southern California 1RC4AG039115-01  
Data Manager/Statistical Programmer (Site PI: Linder)  
Aim: To evaluate the use of behavioral economic concepts such as enhanced defaults, alternative options, and social norms on inappropriate antibiotic prescribing for acute respiratory infections.
- 2010–2012 *President's Emergency Plan for AIDS Relief (PEPFAR)*  
Health Resources and Services Administration (HRSA) U51HA02522  
Data Quality Assurance Manager (PI: Kanki)  
A \$362 million grant for work in Nigeria, Botswana, and Tanzania to train health care workers, develop monitoring and evaluation systems, strengthen health care infrastructures, and collaborate with local hospitals and clinics that provide treatment for patients living with HIV/AIDS.
- 2008–2010 *President's Emergency Plan for AIDS Relief (PEPFAR)*  
Health Resources and Services Administration (HRSA) U51HA02522  
Data, Training, and Education Coordinator (PI: Kanki)  
A \$362 million grant for work in Nigeria, Botswana, and Tanzania to train health care workers, develop monitoring and evaluation systems, strengthen health care infrastructures, and collaborate with local hospitals and clinics that provide treatment for patients living with HIV/AIDS.
- 2007–2008 *Pharmacist Intervention to Decrease Medication Errors in Heart Disease Patients (PILL-CVD)*  
National Heart, Lung, and Blood Institute (NHLBI), R01HL089755  
Research Assistant (Site PI: Schnipper)  
Aim: To evaluate a literacy-focused program that provides educational assistance from pharmacists at the time of hospital discharge to people hospitalized with heart problems.
- 2007 *Influenza in the Partners Primary Care Practice-Based Research Network*  
Roche Laboratories, RLI 06001207  
Research Assistant (PI: Linder)  
Aim: To measure and evaluate antiviral and antibiotic prescribing for patients with influenza being treated in primary care clinics.

## Unfunded Current Projects

- 2021-present *A Computational Scoping Review and Gap Analysis of Health Disparities and Minority Health Literature*  
Principal Investigator, Advisor: Noémie Elhadad, PhD  
Given the vast wealth of literature regarding health disparities and minority health (HDMH) and limitations placed on scale and scope when performing traditional manual review, computational methods are useful for conducting large-scale assessments. We aim to leverage natural language processing and machine learning methods to perform a comprehensive scoping review and characterize major topics found in the HDMH literature, examine change in topic mention over time, identify any notable gaps in coverage, and derive actionable insights for further inquiry.
- 2020-present *Exploring Gender Disparities in Time to Diagnosis*  
Co-investigator, Advisor: Noémie Elhadad, PhD  
Sex and gender-based healthcare disparities contribute to differences in health outcomes. Focusing on time to diagnosis (TTD), we are conducting two large-scale, complementary analyses among men and women across over 100 diseases and millions of patients. We further explore how TTD disparities affect diagnostic performance between genders, both across and persistent to time, by evaluating gender-agnostic disease classifiers across increasing diagnostic information.
- 2019-present *Gender-based differences in presentation and treatment of acute myocardial infarction*  
Principal Investigator, Advisor: Noémie Elhadad, PhD  
We aim to measure and characterize differences in presentation and treatment of acute myocardial infarction (AMI) using structured electronic health record data and free-text from clinical notes. We are using empirical distributional semantics methods (e.g., word2vec and GloVe) to identify potential biases and empirical associations based on demographics. We are also analyzing clinical notes over time prior to and after initial diagnosis to understand differences in the trajectories of sign or symptom documentation for patients, lengths of time to treatment, and resulting impact on patient outcomes.

## Report of Invited Teaching and Presentations

No presentations below were sponsored by outside entities.

### Local

- 2022 *Mining the Health Disparities and Minority Health Bibliome.*  
Biomedical Informatics Seminar Series  
Department of Biomedical Informatics, Columbia University
- 2020 *Health Equity and Informatics*  
Guest Lecturer, BINF G4011: Acculturation to Medicine and Clinical Informatics,  
Department of Biomedical Informatics, Columbia University
- 2019 *LGBTQ Health - Diversity, Culture, and Inclusion Series*  
Division of General Internal Medicine and Primary Care, Brigham and Women's Hospital
- 2018 *Documentation of Sexual Orientation and Gender Identity in the Electronic Health Record*  
Division of General Internal Medicine and Primary Care, Brigham and Women's Hospital
- 2017 *Algorithmic Bias and Health Disparities*  
Machine Learning Working Group, Partners HealthCare
- 2017 *Improving and Leveraging Sexual Orientation and Gender Identity Demographics in Epic*  
Sexual Orientation and Gender Identity Working Group, Partners HealthCare

- 2014 *Designing and Building Clinical Research Databases*  
Division of General Internal Medicine and Primary Care, Brigham and Women's Hospital
- 2014 *SQL-based Data Management and Manipulation*  
Division of General Internal Medicine and Primary Care, Brigham and Women's Hospital
- 2014 *The LGBTQ Data Collection Gap: Sexual Orientation and Gender Identity in the EHR*  
LGBTQ and Allies Employee Resource Group, Brigham Health
- 2013 *How Busy Clinicians Can Improve Care and Pursue Scholarship*  
Division of General Internal Medicine and Primary Care, Brigham and Women's Hospital

## Regional

- 2022 *Mining the health disparities and minority health bibliome: a computational scoping review and gap analysis of 200,000+ articles.*  
Biomedical Informatics Colloquium, New York City College of Technology (City Tech),  
City University of New York (CUNY), New York, NY
- 2016 *Identifying and Understanding Malpractice-Prone Diagnostic Pitfalls*  
Risk Management Foundation of the Harvard Medical Institutions Incorporated (RMF),  
CRICO Research Day. Boston, MA

## International

- 2011 *Introduction to Data Management/Seminar*  
AIDS Prevention Initiative Nigeria Plus (APIN Plus), Abuja, Nigeria
- 2011 *Critical Elements in Database Cleaning, a Checklist/Seminar*  
AIDS Prevention Initiative Nigeria Plus (APIN Plus), Abuja, Nigeria
- 2011 *Basics of Programming and Scripting/Seminar*  
AIDS Prevention Initiative Nigeria Plus (APIN Plus), Abuja, Nigeria
- 2011 *Monitoring data and Trouble-shooting/Seminar*  
AIDS Prevention Initiative Nigeria Plus (APIN Plus), Abuja, Nigeria
- 2011 *Programming: Creating a Utility and Basics of Scripting/Seminar*  
AIDS Prevention Initiative Nigeria Plus (APIN Plus), Abuja, Nigeria
- 2011 *Programming and Trouble-shooting Databases/Seminar*  
AIDS Prevention Initiative Nigeria Plus (APIN Plus), Abuja, Nigeria
- 2011 *Cohort Analyses I: Using EHR Data/Seminar*  
AIDS Prevention Initiative Nigeria Plus (APIN Plus), Abuja, Nigeria
- 2011 *Cohort Analyses II: Using EHR Data/Seminar*  
AIDS Prevention Initiative Nigeria Plus (APIN Plus), Abuja, Nigeria
- 2009 *Improving Understanding and Medication Adherence/Podium Presentation*  
HIV Counselor Training, AIDS Prevention Initiative Nigeria (APIN), Abuja, Nigeria

## Report of Clinical Activities and Innovations

### Clinical Innovations

- 2020-present *CovidWatcher / Co-developer*  
CovidWatcher is an app and online portal that surveys users about their exposure to the new coronavirus (COVID-19), symptoms, access to medical care, and impact on daily life. The data collected is used to track the spread of coronavirus, giving citizens real-time information about hot spots and enabling health care officials to deploy resources where needed most.

- 2011 *Electronic health record (EHR) data quality assessment tool, version 2.0* / Co-developer  
Instituted major modifications to and evaluated a pre-existing EHR utility to incorporate expanded data quality indicators at 33 Harvard PEPFAR sites in Nigeria. With this utility, central and site-level data managers are able to better monitor and improve data completeness, validity, accuracy, and currency.
- 2011 *EHR pediatric quality improvement tool* / Co-developer  
Co-developed and evaluated a utility to extract information from data warehouse and generate measures based on 23 pediatric quality of care indicators at 33 Harvard PEPFAR sites in Nigeria. Programmed module to review continuity of care, drug therapy initiation, medication adherence, loss to follow-up, laboratory monitoring, disease screening based on clinical symptoms assessment or diagnostic evaluation, treatment failure, toxicity management, nutritional assessment, and treatment response.
- 2010 *EHR adult quality improvement tool* / Co-developer  
Co-developed and evaluated a utility to extract information from data warehouse and generate measures based on 15 adult quality of care indicators at 33 Harvard PEPFAR sites in Nigeria. Module reviews continuity of care, drug therapy initiation, loss to follow-up, laboratory monitoring, disease screening based on clinical symptoms assessment, treatment failure, and treatment response.

Kripalani S, Roumie CL, Dalal AK, Cawthon C, Businger A, Eden SK, Shintani A, Sponsler KC, Harris LJ, Theobald C, Huang RL, Scheurer D, Hunt S, Jacobson TA, Rask KJ, Vaccarino V, Gandhi TK, Bates DW, Williams MV, Schnipper JL, PILL-CVD Study Group\*. Effect of a pharmacist intervention on clinically important medication errors after hospital discharge: a randomized trial. *Ann Intern Med*. 2012 Jul 03; 157(1):1-10. (\*member of the investigative team cited in the appendix of the manuscript) PMID: 22751755.
21. Schnipper JL, Roumie CL, Cawthon C, Businger A, Dalal AK, Mugalla I, Eden S, Jacobson TA, Rask KJ, Vaccarino V, Gandhi TK, Bates DW, Johnson DC, Labonville S, Gregory D, Kripalani S, PILL-CVD Study Group\*. Rationale and design of the Pharmacist Intervention for Low Literacy in Cardiovascular Disease (PILL-CVD) study. *Circ Cardiovasc Qual Outcomes*. 2010 Mar; 3(2):212-9. (\*member of the investigative team cited in the appendix of the manuscript) PMID: 20233982.
22. Linder JA, **Reyes Nieva H**, Blumentals WA. Antiviral and antibiotic prescribing for influenza in primary care. *J Gen Intern Med*. 2009 Apr; 24(4):504-10. PMID: 19225847.

#### Proceedings of meetings and other non-peer reviewed research publications

1. **Reyes Nieva H**, Kaplan RL, Madani N. Women and HIV: Update from the Middle East and North Africa. Global Network of Researchers on HIV/AIDS in the Middle East and North Africa (GNR-MENA). 2010 International AIDS Conference, Vienna, Austria.

#### *Abstracts, Poster Presentations and Exhibits Presented at Professional Meetings*

Works resulting in publication are not included below.

#### Regional

1. **Reyes Nieva H**, Blackley S, Streed C, Fiskio J, Zhou L. High physician and clinic-level variation in documentation of sexual orientation and gender identity in the electronic health record. Plenary presentation. New England Science Symposium, Boston, MA; 4/2018.  
**Received the Ruth and William Silen Award, Third Prize**

#### National

1. **Reyes Nieva H** and Elhadad N. Mining the Health Disparities and Minority Health Bibliome: A Computational Scoping Review. Oral Presentation. American Medical Informatics Association Annual Symposium. Washington, DC; 11/2022.
2. Acharya N, **Reyes Nieva H**, Natarajan K. Analyzing shifts in healthcare-seeking behavior among All of Us enrollees in the era of COVID-19. Poster Presentation. American Medical Informatics Association Annual Symposium. Washington, DC; 11/2022.
3. **Reyes Nieva H**, Sun TY, Gorman SR, Mao G, Elhadad N. Differential Presentation and Delays in Treatment for Acute Myocardial Infarction Associated with Sex and Race/Ethnicity. Oral Presentation. American Medical Informatics Association. San Diego, CA; 11/2021.
4. **Reyes Nieva H** and Elhadad N. Latent Topics and Trends in Health Disparities Literature. Poster presentation. National Library of Medicine Informatics Training Conference. 06/2021.
5. Pang C, **Reyes Nieva H**, Chen R, Kalluri KS, Sun TY, Jiang X, Rodriguez VA, Natarajan K. Characterization and Comparison of Embedding Algorithms for Phenotyping across a Network of Observational Databases. Oral Presentation. American Medical Informatics Association Annual Symposium. 11/2020.

6. Boskey E, Tabaac A, Wigell R, Wolf K, Lage I, Landrum S, **Reyes Nieva H**, Bearnot B, Streed C. Using patterns of missing EHR data to identify care disparities in gender diverse patients. Oral Presentation. APHA Annual Meeting and Expo. 10/2020.
7. **Reyes Nieva H**, Ruan E, Volodarskaya M, Wright A, Lim A, Singh H, Agarwal S, Schiff GD. Diagnostic Pitfalls: Operationalizing a New Paradigm to Understand and Prevent Diagnostic Errors. Poster presentation. Society of General Internal Medicine Annual Meeting. Washington, DC; 05/2019.
8. Schnipper JL, Cruz Garcia J, **Reyes Nieva H**, Chabria A, Shannon EM, Czado K, Jain R, Cerciello E, Ganesan E, Dave J. Barriers and Facilitators to Implementing an Electronic Pillbox Intervention During Care Transitions. Poster presentation. Hospital Medicine 2018. Orlando, FL; 04/2018.
9. Mlaver E, Dalal AK, **Reyes Nieva H**, Chang F, Hanna J, Ravindran S, McNally K, Stade D, Morrison C, Bates D, Dykes P. An Analysis of Patient Portal Use in the Acute Care Setting. Oral Presentation. American Medical Informatics Association Annual Meeting. San Francisco, CA; 11/2015.
10. **Reyes Nieva H**, Palm K, Zucconi T. Advocacy and Implementation: Gathering SOGI Demographics in the Clinical Setting. Oral presentation. GLMA 33rd Annual Conference. Portland, OR; 9/2015.
11. Dempsey P, **Reyes Nieva H**, Businger A, Linder JA. Accuracy and Gaming of the Acute Bronchitis Antibiotic Prescribing Performance Measure. Poster presentation. Society of General Internal Medicine Annual Meeting. San Diego, CA; 04/2014.
12. **Reyes Nieva H**, Doctor JN, Friedberg MW, Birks C, Fiskio JM, Volk LA, Linder JA. Comparing Clinicians' Perception of Their Own and Their Peers' Antibiotic Prescribing to Actual Antibiotic Prescribing for Acute Respiratory Infections in Primary Care. Oral presentation. Society of General Internal Medicine Annual Meeting, San Diego, CA; 4/2014.  
**Received the Outstanding Quality and Patient Safety Oral Presentation Award**

## International

1. Desai PM, Ostropelets A, Richter LR, **Reyes Nieva H**, Spotnitz M, Rodriguez VA, Sun TY, Natarajan K. Phenotype Development and Evaluation of Heart Failure: A Case Study in using Patient-Level Prediction to Improve Phenotype Validity. Poster presentation. OHDSI Global Symposium. 09/2021.
2. Sun TY, Bear Don't Walk OJ IV, **Reyes Nieva H**, Chen J, Elhadad N. Exploring Gender Disparities in Time to Diagnosis. Poster presentation. Machine Learning for Health (ML4Health) Workshop at the Conference on Neural Information Processing Systems (NeurIPS). 12/2020. arXiv:2011.06100.
3. **Reyes Nieva H**, Volodarskaya M, Wright A, Singh H, Ruan E, Schiff GD. Diagnostic Pitfalls: A New Approach to Understand and Prevent Diagnostic Error. Poster presentation. Society to Improve Diagnosis in Medicine 9th International Conference. Hollywood, CA; 11/2016.
4. **Reyes Nieva H**, Linder JA. Gathering Sexual Orientation and Gender Identity Demographics in the Clinical Setting. Oral Presentation. North American Primary Care Research Group Practice-Based Research Network Conference, Bethesda, MD; 7/2015.
5. **Reyes Nieva H**, Linder JA. PBRN Organization and Governance to Promote Practice, Clinician, Researcher, and Patient Engagement. Workshop. North American Primary Care Research Group Practice-Based Research Network Conference, Bethesda, MD; 07/2014.
